

## Features

Digital Chronometer

**RACE Time 1**

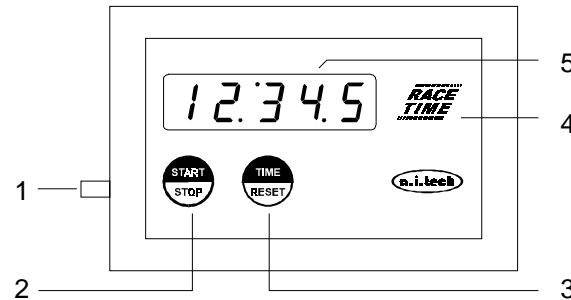

---

## USER MANUAL

The RACE TIME 1 digital chronometer is a highly technological and flexible product, ideal for usage in rally race.

It can be used by means of 2 buttons.

It has a 5 digit 10 mm display with intensity control (High intensity for an excellent visibility on daylight and Low intensity for night vision).

**1. ON/OFF switch**

**2. Start/Stop :**

Starts or stops the chronometer

**3. Time/Reset :**

- If the chronometer is on "RUN", it holds the displayed value; pushing a second time it shows the running time.
- If the chronometer is on "STOP", it resets the chronometer

**4. Internal supply battery**

**5. Display :**

- 5 Digit display  
Minutes-Seconds-Cents
- Selectable intensity control.  
To enable the LOW Intensity, switch ON the chronometer while pushing the keys 2 and 3

## Technical specifications
